Summary

A passionate Web developer with a fresh perspective. I have completed my engineering in Computer Science, I've been on a thrilling journey of turning lines of code into captivating web experiences. My fascination with MongoDB, Express.js, React, and Node.js has fueled my drive to create seamless and innovative solutions.

Areas of Expertise

CSS - HTML - Javascript - React - Git - Github - Expressjs - Mongodb - Mongoose - Tailwind - Bootstrap - Git - Postman - NodeJs - Web Development - Mern Stack

Projects

StyleBazaar - E-commerce website   **[Source code]** -**[Live Link]**
- Developed an cutting-edge e-commerce website designed to provide a seamless and engaging shopping experience
- Things I learned: I enhanced my full-stack development skills, focusing on React for frontend dynamics, Node.js and Express for server-side operations, and MongoDB with Mongoose for database management. I implemented secure user authentication, mastered responsive UI design using TailwindCSS, and integrated RESTful APIs for seamless application functionality.
- Tech Involved: **Reactjs, Expressjs, MongoDB, Nodejs ,Tailwindcss.**

DataDrift   **[Source code]** -**[Live Link]**
- Developed an website which provides real-time analytics on sales and user engagement, presenting complex data in an accessible and interactive manner.
- Implementation of data visualization with Chart.js, created dynamic filters and sharing them via query URLs.
- Tech Involved: **Reactjs, Expressjs, Chartjs, Nodejs, Tailwindcss.**

TaskBuddy   **[Source code]** -**[Live Link]**
- Your ultimate companion for conquering tasks and maximizing productivity!
- Things I learned: During building this project, I enhanced my skills in user authentication, React's conditional rendering, and cookie management. I also learned about CORS policy, database management with MongoDB/Mongoose, and responsive design using TailwindCSS, and integrated RESTful APIs for seamless application functionality.
- Tech Involved: **Reactjs, Expressjs, MongoDB, Nodejs ,Tailwindcss.**

Online Courses & Certifications

- Full Stack Javascript Web Developer (Aug. 2023) - Ineuron
- Complete GIT and Github Course (Aug. 2022) - LCO

Education

B.E in Computer Science and Engineering   *P.B.C.O.E, Nagpur*   **Maharashtra, India**   *2018-2022*
CGPA**: 9.38**

Skills

- **Programming Languages:** Javascript, Familiar with Java and C/C++.
- **Frameworks:** React, Bootstrap, Tailwind, Expressjs.
- **Database :** MongoDB, Postgresql, Mongoose, Sequelize.
- **Tools:** GIT, Postman, VsCode, ChatGPT.
- **Platforms :** CLI, Windows, MacOS, Familiar with Linux.
